

The Town of Deer Lake advises that effective immediately the Hodder Memorial Recreation Complex will be closed until further notice as a precautionary measure in response to COVID-19.

We understand the disappointment and inconvenience this may cause; however in the best interest of our residents we are implementing the recommendations of public health. Municipalities across the province are stakeholders in the response to COVID-19 and it has been recommended by public health officials that we close programs and facilities. We will re-examine this evolving situation on a daily basis.

The Town Office and Public Works Department will remain open by appointment only. We are prioritizing the health & safety of our residents and staff and thank you for your understanding.

The Public Council Meetings will also be closed to the public until further notice.

The public is reminded to follow the guidelines as set by the Province of Newfoundland and Labrador, which can be found by visiting: <https://www.gov.nl.ca/covid-19/>
